As the frontman of the band Smokie, he rose to international fame and celebrated major band successes in the 1970s with hits like „Living Next Door to Alice“, „Lay Back in the Arm of Someone“ and „I’ll Meet You at Midnight“. „Midnight Lady“ marked his phenomenal breakthrough as a solo artist. Since then, Chris Norman has written countless, still unforgettable hits and continues to thrill both long-time and new fans. With over 20 million records sold worldwide, the British singer and guitarist looks back on an exceptionally successful career. On October 25th 2025, Chris Norman celebrates his 75th birthday and, on this occasion, releases his new single „LIFELINES“ – a first teaser from the self-titled new album, which will be released next year in March. Starting as early as Wednesday, October 22, 2025, advance tickets will be available for his upcoming „LIFELINES“-tour, finally bringing the global superstar back to the stage in Germany in 2026.

With „LIFELINES“, Chris Norman takes his huge fanbase on a deeply emotional journey through more than 50 years of his remarkable career. This turns the concept album, which will be released in March 2026, into a musical autobiography. Chris Norman emphasizes: *„My new album ‚LIFELINES‘ has granted me the wonderful opportunity to revisit the various chapters of my life and to find songs that have touched me in a special way throughout my entire musical career.“*

Every song represents a chapter in the life of the exceptional artist – taken together, they form a common thread of memories, emotions, and all the musical influences that have shaped Chris Norman over the years. The starting point is the first single, "LIFELINES", which also symbolizes the beginning of this journey into the past. "LIFELINES" is a song about memories and experiences from my life and my career – moments that evoke those strong feelings in me that only music can," says Chris Norman.

His 75th birthday is the perfect occasion to pause and look back: whether it's early childhood memories, international chart successes, or moving moments. All of it finds a place on **"LIFELINES"**, an album that above all shows the person behind the artist. "I've selected some special songs from the decades – pieces that meant a great deal to me then and still do today. And I hope they bring back many wonderful memories for you, too," explains **Chris Norman**. Alongside his personal favorite songs, the album will of course also feature his hits like **"Midnight Lady"** or **"Stumblin' In"** – the legendary duet with Suzi Quatro.

The heart of the new **"LIFELINES"** chapter will be the upcoming tour, which will travel through Germany in the autumn of 2026. Naturally, the **"LIFELINES"** songs will be brought to the big stage alongside the classic hits that simply can't be left out. Longtime fans who grew up with **Chris Norman's** music will get their money's worth and can look forward to an emotional, musical journey through life with their idol.

In parallel, the charismatic rock/pop star with the trademark raspy voice will also be present with emotional performances on major TV shows, supported by a high-profile star-watch media campaign. **"LIFELINES"** is a wonderful opportunity for **Chris Norman's** fans to experience him and his moving, as well as dazzling, history up close. A project full of memories – and a declaration of love to life.

The album "Lifelines" will be released on March 13, 2026, via the label Stars by Edel. It will be available as a high-quality digipak and as a double LP in a gatefold sleeve, featuring printed inner sleeves and colored vinyl. These special editions will be available for pre-order starting October 22, 2025!

The single "Lifelines" will be available for download and streaming starting October 24, 2025!
